Skill Highlights

- Strong decision maker
- Committed to completing what I start
- Innovative

Technical Toolbox

Web Development : PHP, HTML5, ASP.Net, JavaScript, JSON, XML, jQuery, Bootstrap, Visual Basic.Net, Borland C++, ASP.Net MVC, Web Services, Angular 10, Angular js, reactjs, Ajax and Node js. Web Services and Apis: node js, Asp.net, Vb.net

Embedded Development : node js for raspberry pi, Vhdl (using Alteraboard), Arduino for Arduino micro-controller, Assembler Programming for 8051 and for pic16f627a, C programming for 8051 and for pic16f627a. **Automation Engineering** : Siemens Ladder Logic for Siemens PLC's Data analysis : VBA, Node Js, D3 js , Python, Java and C#.

Database Development : MySQL, mongodb, MS Access, MS SQL Server 2017, PGSQL, TSQL. Debuggers : Firebug and Browser (Chrome, FireFox and Internet Explorer) DeveloperTools. MicroController / Controller : RaspberryPi (IOT), Arduino, Pic16f627a, 8051 Microcontroller, Siemens PLC, Altera board. **Technical Integrations** : rest api, request, Web Api Cloud: Paas, Saas and DbaaS (IBM Cloud, Heroku) Cloud DBaaS: Mongodb atlas, IBM Cloudant, Heroku Postgres
